Subject: CZARA - pesticide measure

Hi Kyle – I wanted to put you in touch with Jenny Wu, or vice versa. Jenny is part of EPA's CZARA team and is involved specifically with reviewing the pesticide measure. She's had some conversations recently with a couple folks at ODF, and also with ODA's pesticide folks, to better understand how things work particularly as applies to non fish streams. I think she has some additional conversations planned with ODF (perhaps Marganne and Brad Knott?) and we thought it would be good to let you know in case you want to participate in those discussions. I'll leave it to the two of you to work that out – I'm just facilitating the introduction J
